# BioDisk

www.hypertec.co.uk

## Product Overview

The BioDisk is a USB 2.0 biometric flash drive designed to securely store and transfer files.

It utilises the latest biometric technology to enable only authorised users access to the files stored on it, by fingerprint recognition.

Additional security is offered by the on-board Secret&Zip functionality which encrypts files and converts them to Zip format. Further fingerprint recognition is then required to access these files.

## Features

- Quick and easy fingerprint enrollment
- Optional back-up password function in case of fingerprint sensor damage
- Secret&Zip functionality to Zip and encrypt confidential files
- Write / delete protection switch
- Supplied with extension cable, neckstrap and driver CD
- Cross platform compatibility – move data between different operating systems
- USB 1.1 compatible (however please note that using a USB 2.0 device in a USB 1.1 USB slot will only deliver USB 1.1 performance)
- Available in storage capacities of 128MB, 256MB, 512MB and 1GB
- No drivers required for Windows 2000/ME/XP
- Driver supplied for Windows 98SE
- 1 year warranty

## Specification

| | |
|---|---|
| Dimensions: | 85mm x 27mm x 13mm (L x W x H) |
| Weight: | 19 g |
| Scan area: | 9.6 x 11.8mm |
| Pixel array: | 192 x 236 |
| Gray scale: | 256 |
| Verification speed: | <1 second |
| Scanning speed: | <1 second |

## Part Codes

128MB BioDisk: HYFLUSB03128
256MB BioDisk: HYFLUSB03256
512MB BioDisk: HYFLUSB03512
1GB BioDisk: HYFLUSB031GB
